NEWS RELEASE

Temporary Turn Lane Closure Onto WBAMC

Date: 4/29/2016

Location: William Beaumont Alabama Street Entrance

EL PASO, TEXAS: In response to significant traffic congestion on Alabama street, the left turn lane onto the William Beaumont Army Medical Center (WBAMC) gate from the southbound lanes is being temporarily closed. Barricades closing the left turn lane will be in place Monday through Friday from 5:00 a.m. to 9 a.m. The congestion is due to construction of the access gate leading to WBAMC. Temporary closure of the left turn lane is in place until completion of the gate which is tentatively scheduled for May 9. As per WBMAC, persons entering the facility from the southbound lanes should instead turn left on Pierce, then left on Louisiana and flow into line to access the gate. Drivers not observing the closure may be cited for disregarding the barricades or impeding traffic.
